

Berkhamsted Town Council **Publication Scheme**

Berkhamsted Town Council will make available the information detailed in the following table in order to meet its commitments under the Freedom of Information Act 2000 (FOIA) and the Environmental Information Regulations 2004 (EIR) using the model publication scheme provided by Information Commissioner's Office.

Berkhamsted Town Council is committed to reviewing and updating the information provided on a routine basis to enhance the information provided to its residents and to remain transparent.

Berkhamsted Town Council will make the information available, unless:

- it does not hold the information;
- the information is exempt under one of the FOIA exemptions or Environmental Information Regulations exceptions, or its release is prohibited by another statute;
- the information is readily and publicly available from our website or a website belonging to another organisation; such information may have been provided by the public authority or on its behalf. The authority must provide a direct link to that information;
- the information is archived, out of date or otherwise inaccessible; or,

- it would be impractical or resource-intensive to prepare the material for routine release.

Publishing datasets for re-use

Public authorities must publish under their publication scheme any dataset they hold that has been requested, together with any updated versions, unless they are satisfied that it is not appropriate to do so. So far as reasonably practicable, they must publish it in an electronic form that is capable of re-use.

If the dataset or any part of it is a relevant copyright work and the public authority is the only owner, the public authority must make it available for re-use under the terms of a specified licence. Datasets in which the Crown owns the copyright or the database rights are not relevant copyright works.

The Datasets Code of Practice recommends that public authorities make datasets available for re-use under the [Open Government Licence](#).

The term ‘dataset’ is defined in section 11(5) of FOIA. The terms ‘relevant copyright work’ and ‘specified licence’ are defined in section 19(8) of FOIA. The ICO has published [guidance](#) on the dataset provisions in FOIA. This explains what is meant by “not appropriate” and “capable of re-use”.
